EDUCATION

G. H. Rasoni College of Engineering and Management

B.Tech - Information Technology - CGPA - 7.51

2023 - 2027

Pune, Maharashtra

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, C++, C

Backend: Spring Boot, REST APIs, Spring Security, JWT, FastAPI

Frontend: React.js, HTML, CSS, JavaScript, Material UI

Developer Tools: Git, GitHub, IntelliJ IDEA, VS Code, Postman, Docker

Database: MySQL

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- Computer Network
- Database Management System (DBMS)
- Artificial Intelligence
- OOPS Concept
- Web Development

PROJECTS

Food Delivery Web Application [🔗](#) | [React.js](#), [Spring Boot](#), [MySQL](#), [REST APIs](#), [Material UI](#), [Git](#)

- Developed a Java Spring Boot based full-stack food delivery application using React.js and MySQL.
- Built REST APIs for restaurant listing, cart management, order placement, and billing.
- Implemented authentication and modular frontend-backend integration.

Expense Tracker REST API Backend [🔗](#) | [Java](#), [Spring Boot](#)

- Developed a RESTful backend application using Java Spring Boot and MySQL.
- Implemented CRUD operations for expense management and transaction tracking.
- Applied layered architecture using Controller, Service, Repository, and Entity design patterns.
- Integrated authentication and authorization mechanisms.

HACKATHON EXPERIENCE

WeMakeDevs Hackathon

Nov 2025

Participant

- Built an Agentic AI workflow with Sales, Technical, and Pricing agents to analyze RFP documents, recommend OEM SKUs, and compute total project cost.
- Developed backend services using FastAPI and Groq LLMs, orchestrated workflows using Kestra.
- Deployed an end-to-end AI system with a Next.js frontend on Vercel and implemented PR-based improvements using CodeRabbit.

CERTIFICATIONS

- Oracle Certified Generative AI Professional
- Java - Spoken Tutorial Project, IIT Bombay
